

Recommended Cleaning Instructions for Uf2®

Primera® | Strada | Toscana

To keep these fabrics looking their best, following these guidelines will help to extend the life of the fabric:

- Wipe up spills as soon as they occur
- Use mild soap and water for everyday cleaning
- Do not saturate
- Tough stains can be cleaned and disinfected with alcohol-based solutions
- Rinse with clean water and wipe dry

The use of other cleaning agents, disinfectants, conditioners or protectants is not recommended as they can degrade fabric's performance and may void Ultrafabrics warranty.
